José Eduardo Morales

Software Engineer

+1 (520)-576-0398 | eduardomorales.dev@gmail.com | Tucson, Arizona

WORK EXPERIENCE

FREELANCE   01/2020 - 03/2020

"Sistema Historial Clinico"

Desktop software development for a small doctor's office. The main goal was to create a custom solution that helps the doctor capture and manipulate patient's information & clinical history.
C# & SQL

"El Antojo Hamburguesas" Digital Menu **Demo**   06/2020 - 08/2020

Designed & developed a digital menu for a local hamburger business. The main goal was to create a space where the admin could show his menu to customers & display any price change immediately. Also, customers can choose their meals & place orders through the website; the admin then will receive this order to his whatsapp.
ReactJS, HTML5, CSS3

EDUCATION
